

**April 13rd - 18th, 2005**  
**DILMOS PRESENTS:**  
**STORIES OF GLITTERING MOSAIC TILES**  
by **AKOMENA**

Presentation of mosaic interior decorations by Akomena.

In keep with its tradition, this year Dilmos proposes;

**CASSIODORO**

a large round table;

**AMALASUNTA**

a bed with a draped headboard;

**TEODATO E TEODOSIO**

two containers featuring a wave motif;

**BOEZIO**

the Boston Terrier who stands guard over domestic peace.

Millions of mosaic tiles, applied by hand, one at a time, bring a byzantine magic to interior decoration.

The exposition provides an opportunity to review the firm's 15 years of activity, as documented in the volume *Akomena* published by Electa, with texts by Philippe Daverio, Cristina Morozzi and Sabina Ghinassi.
